

DONCASTER INTELLECTUAL DISABILITIES TEAM

In this strange new world of social distancing and Isolation we want you to know we remain contactable to help with your concerns.

We have developed a general email for parents, schools and other professionals, where you can ask questions and request assistance from our team regarding your child's mental health.

If you have an **URGENT CONCERN** please use the base office number **01302 796191**. A message will be passed over to staff at work.

We also aim to link in with our special schools that remain open to look at Virtual Consultation Clinics. If you have any other ideas that may be useful please drop us a comment.

The email is: **rdash.iddoncamhs@nhs.net**.

We will check this first thing in a morning so it may take a day to reply.

Our office hours remain **Monday to Friday 9.00am to 5.00pm**.

We are not open at weekends.
