Introduction and guidance on completing the report – Revised April 2020

1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary for State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.23 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. This is a revised template issued in the light of the Covid-19 pandemic.
2. This template requests local authorities only for:
 - a) information about how admission arrangements in the area of the local authority serve the interests of looked after children and previously looked after children, children with disabilities and children with special educational needs, including any details of where problems have arisen;
 - b) an assessment of the effectiveness of Fair Access Protocols and co-ordination in their area, including how many children were admitted to each school under them.
3. We would be grateful if local authorities would follow the approach used in statutory provisions and in the Department for Education Statistical First Release¹ and the Education Middle School (England) Regulations 2002².
4. Local authorities are, of course, free to comment on any other matters not specifically addressed in this template if they wish to do so under section 3. The views expressed by local authorities in previous years also remain a matter of public record.
5. The report **must** be returned to the Office of the Schools Adjudicator by **30 June 2020**.
