Summary – Nursery Admissions

An application must be completed before a child can be admitted to a school nursery.

Admissions –

To start in September 2022

- Choose a school.
(School list – Appendix 2)
- Complete your application online at www.doncaster.gov.uk/admissions and click on the link for Nursery admissions
- Our first closing date is **4 October 2021**
(Applications can still be made after this date)
- Make sure you submit your completed application and receive an email to confirm this.

Decisions will be posted on 8 November 2021

- If you are successful, the school will give you a start date.

Admissions –

During the school year

- Choose a school.
(School list – Appendix 2)
- Make sure you submit your completed application and receive an email to confirm this.
- If successful, you will be required to sign a contract committing to a minimum of one term at the allocated Nursery.

Transfer -

During the school year

- As you will have signed a contract to remain at the present Nursery for one term your child will not normally be able to transfer to another nursery until the beginning of the next new term.
- Think carefully about your child moving school.
Discuss the move with your present school.
- Complete your application online at www.doncaster.gov.uk/admissions and click on the link for Nursery admissions.

Community Schools and Academies

- Applications are processed on a regular basis and parents/carers will be notified of the decision as quickly as possible. This will be sent to you by email.
- Please note, due to the volume of applications and data protection, no decisions will be given over the phone.

Your child can only be considered for a place if an application is made.

Important!

A headteacher or their representative can not offer a place in a school, except in the case of Voluntary Aided or Academies and only then if this power has specifically been delegated to the Headteacher by the school's Governing Body.

Important!

Please note: the fact that a child has attended a nursery at a school will not normally have a bearing upon your application for a reception place. Attendance at a nursery **is not** considered as part of the admission to reception criteria for the majority of schools.

Fraudulent Applications

Any place offered on the basis of a fraudulent or intentionally misleading application will be withdrawn, eg: giving a false address. It is for parents to satisfy the Council of their circumstances as they apply to the admission criteria at the time of application.

Terms used in this booklet

Doncaster

Any references contained within the booklet to Doncaster means the area covered by Doncaster Council.

Living or ordinarily resident

References contained within the booklet to where a child is 'living' or 'ordinarily resident' means where a child is habitually and normally resident at their address, other than for occasional absences, for a settled purpose which is not solely to receive education. It is for parents to satisfy the admission authority of a change of address. If parents are moving address they will only be considered as being ordinarily resident and, therefore, considered under this criterion, when they are living at their new address.

The council

The council refers to Doncaster Council.

Parents

Where the word parent appears, it extends to any person having parental responsibility for a child in accordance with the terms of the Children Act 1989.

Childcare providers

There are different types of childcare providers that are registered with the Council to provide free early education places for 3 and 4 year olds. The types include: day nursery, child minder, independent school or sessional care which may be called playgroup or pre-school

Possible changes after publication

The information given in this booklet has been checked and at the time of writing (August **2021**) is as accurate as can be. However, unavoidable changes may occur between that date and the date of admission to nursery in September **2022**.

The council is undertaking a strategic review of primary school organisation in the borough. The Strategic review may, therefore, have implications for admissions to primary school. Until the review is complete, the Council cannot say what the implications will be.

However, any proposals to alter existing school organisation and/or provision in any area of the borough will be subject to the necessary statutory procedures and consultation process.

Introduction

Doncaster Council has a strong commitment to providing early childhood education and care. Almost all infant and primary schools in Doncaster have a nursery class that admits children at the start of the term after a child's third birthday, assuming places are available. All children can attend up to 15 hours a week term time or for working parents who meet the eligibility criteria, up to 30 hours a week term time. Parents will agree with the school or childcare provider which sessions the child will attend. The 15 / 30 hours can be accessed across a range of providers.

The Government fully supports this provision and is providing extra funding through Authorities to allow for all three year olds to have a nursery place if their parents so wish. The names and details of all schools with nurseries can be found in Appendix 2. Doncaster Council works to make sure that parents have a choice of free early years provision. You may prefer for your child to attend a childcare provision that is registered with the Council to provide free early education places for 3 and 4 year olds, for example, day nursery, child minder, independent school or sessional care which may be called playgroup or pre-school. All three year olds are entitled to a free part-time place from the term after their third birthday (subject to places). Details of this process can be found on page 2. If you decide to send your child to an independent childcare provider this will not affect their right to a place in a school in which they would normally start full time schooling.

Doncaster Council works to ensure that all provision for young children, whether in the maintained sector or within a childcare provision, is of good quality and is likely to maintain the high standards established in Doncaster and recognised by Ofsted. Support and training to the maintained sector and childcare providers has ensured that parents have a real quality choice in early years education for their children.

This booklet sets out the arrangements for admitting three year old children to school nurseries and provides a great deal of important and useful information about procedures and how to go about registering your child in a nursery setting. It also includes contact details for the Families Information Service for parents to find out about the childcare providers in their area that are registered with the Council to provide free early education places for three and four year olds.

Your views are important

We welcome your views. We are continually looking to improve our service by regularly reviewing our performance, comparing it with other similar areas, actively seeking feedback from our customers and acting on it. You can be an important part of this continual improvement by completing the questionnaire found in Appendix 3.

Welcome to Doncaster early years education and care!

What is a free early education place?

This is what your child is entitled to from the term following their third birthday. It is paid for by the Government, through Doncaster Council so it is free to you.

Free early education entitlements

15 hours free early education per week, for 38 weeks of the year (term time), which equates to up to 570 hours over a year, this is a universal entitlement for all 3 and 4 year olds.

30 hours for working parents who meet the eligibility criteria free early education per week for 38 weeks of the year (term time), which equates to up to 1140 hours over a year, this is for 3 and 4 year olds from working families that meet the eligibility criteria. The 30 hours will consist of the current 15 hours universal entitlement and an additional 15 hours which will be known as the 'extended entitlement'.

Where can my child take up their place?

The options open to you are schools with nurseries and childcare providers that are registered on the local authorities Directory of Funded Providers to deliver 3 and 4 year old funded places, which includes: independent schools, day nurseries, childminders or sessional providers (which may be called a playgroup or pre-school).

Please note: The entitlement to a free place does not offer a guarantee of a place at any one particular school / childcare provision or a particular pattern of provision. For the 30 hours of free early education places, it is up to each individual school or childcare provider to decide whether or not they will provide places.

How can I use my entitlement?

There is no requirement that a free early education place must be taken or delivered on particular days of the week or at particular times of the day. Therefore you need to ask your preferred school / childcare provider what service they offer, at what times and days, in order for you to determine if it meets your needs.

For the 15 hours universal entitlement, the traditional offer of a place at a school nursery is for children to attend either five mornings or five afternoons a week, term time. However some schools do have available a more flexible offer which could for example include a choice of full and half days. Where a school nursery provides 30 hour places the majority of schools will deliver this across 5 days a week term time only.

Some schools / childcare providers offer the free early education places 'flexibly' which means you may be able to choose from a range of options and hours to suit your needs.

A 'stretched offer' is when the entitlement hours are delivered across more than the 38 weeks in a year, which would mean taking fewer hours a week over more weeks of the year. An example would be 22 hours a week over 51 weeks of the year for the 30 hours entitlement or 11 hours a week over 51 weeks of the year for the 15 hours entitlement.

The offer of the free hours is subject to the following:

- A session cannot be longer than 10 hours
- the free entitlement hours cannot be taken before 6am or after 8pm
- a maximum of two sites per day – which means a parent may use any combination of school nursery and childcare providers to access the entitlement hours, up to two sites a day

Will I have to pay anything for my child's 15 / 30 hour place?

No, the actual 15 hours and for those who are eligible the 30 hours early education place will be delivered free to the parent. Government funding for a free place is intended to deliver 15 or 30 hours a week of free, high quality, flexible childcare. It is not intended to cover the cost of meals, additional services or additional hours (hours that are taken over and above the free entitlement hours). Therefore schools / childcare providers will charge for additional hours, meals, trips out and consumables such as nappies, wipes, sun cream etc.

However, it will be the parents' choice whether to take up any of these additional services and it must not be a condition on taking up any part of the 15 / 30 hours free place that a parent has to pay a fee, the place must be delivered completely free of charge. The parent is likely to have the option to supply any consumables or a meal / snack for their child.

What do I need to know?

Contact the Families Information Service for a childcare / school search, eligibility criteria for the 30 hours entitlement and frequently asked questions:

Website www.doncaster.gov.uk/FIS Telephone 0800 138 4568 Email fis@doncaster.gov.uk

If you are a parent who needs further assistance to find a provider to meet the needs of your particular family circumstances contact FIS using the details above.

Access the governments new Childcare Choices website which provides all the information a parent needs to understand what is available with regards to eligibility criteria, free childcare and help with childcare costs. This site includes a childcare calculator which helps a parent compare the government childcare offers and checks what works best for a family. There are links to the application page for the 30 hours entitlement. Website www.childcarechoices.gov.uk

Talk to your school, childcare providers or family hub for support and information.

How do I apply for a place?

To apply for the 15 hours universal entitlement at a school nursery you must complete the application form which is available from the Admissions Team or by applying online at www.doncaster.gov.uk/admissions. To apply for the 15 hours extended entitlement at a school nursery you should contact the school directly to check if they offer these places and have any available. You will then need to follow the schools own admission policy and administration process to secure a place.

To apply for a 15 or 30 hour place with a childcare provider or independent school you need to check if they offer these places and have any available. You will then need to follow the provider's admission policy and administration process to secure a place.

Your child must have taken up a place by 'Headcount Date' to secure the free entitlement funding for your child's place at the school / childcare provision.

The Headcount Dates are as follows:

Spring Term 19 January 2023

Summer Term 19 May 2022

Autumn Term 6 October 2022

You will be required to complete and sign a Parent Declaration Form which gives the school / childcare provider authorisation to claim the free entitlement funding on behalf of your child.

The Council will not make an adjustment to funding allocations for children that move between school / childcare providers mid-term. Therefore, if you decide to move your child mid-term a funded place elsewhere cannot be guaranteed.

Provision in school nurseries

This section gives guidance about admission to a nursery in either a community, academy or voluntary aided church school in Doncaster. If you have any other questions you can contact Doncaster Council's School Admissions Team, telephone 01302 737262

At present 77 infant or primary schools and three special schools have nurseries. These are listed in appendix 2. There are four categories of school:

- Community schools are maintained by the Council. The council sets the admissions policy and allocates places in accordance with the criteria listed in this booklet.
- Aided schools are denominational i.e. Church of England or Roman Catholic. Admission to these schools is controlled by their governing body and not the Council.
- Special schools are maintained by the Council. Admission to these schools is determined by a Statement of Special Educational Needs or Education and Health Care Plan.
- Academies. Admission to these schools are set by the governing body of the school.

What are catchment areas and pyramids?

Schools are organised in groups of schools with one main secondary school, known as a pyramid system, and serve a locality of the borough, normally referred to as a catchment area. If you wish to know which catchment area you live in, you should either contact your local school or Doncaster Council's School Admissions Team, telephone 01302 737262 As a guide, these localities are shown in simplified form on a map of Doncaster in appendix 1.

No school maintained by the Council admits children on the basis of selection by ability or aptitude. The council has no arrangements for admitting children to non-maintained or private schools other than children with special educational needs.

How do I obtain further information about schools?

Specific enquiries regarding each school should be made to the school concerned. Their telephone numbers and addresses can be found in Appendix 2. You may also wish to visit the school's website for information about the school, including uniforms, policy information, session times, national test results and how you can support your child's learning.

You may also wish to visit schools before making your final choice.

However, only if you have been allocated a place in writing by the relevant admission authority will your child be able to attend that school. A headteacher can only offer a nursery place if it is a voluntary aided (church) school or an academy.

Doncaster primary schools performance tables

Copies of the tables covering Doncaster schools are available from:
www.education.gov.uk/performance/tables

Admission to school nurseries

Briefly, admissions to nursery classes are provided as follows:

Normal admission: 15 hours universal free entitlement place

Children are normally admitted to a nursery in the September following their third birthday.

Early admission: 15 hours universal entitlement place

Children are entitled to a 15 hour universal entitlement place in the term following their third birthday and will be admitted to the nursery early if a place is available.

If an early place is not available the Families Information Service can provide you with details of independent schools and childcare providers in your area who can provide 15 hour places:

Website www.doncaster.gov.uk/FIS Telephone 0800 138 4568 Email fis@doncaster.gov.uk

Which sessions will my child be able to attend?

The headteacher decides which session a child will attend. Whilst every effort is made to take parents preferred sessions into account, parents must understand that is not always possible. Schools traditionally offer five morning or five afternoon sessions a week (3 hours each). However the 15 hours can be available flexibly giving parents a choice of sessions which may include full and half days. You need to discuss with the school what their offer to parents is.

How many places are available?

Appendix 2 shows the number of children that can be admitted to each nursery.

Admission to school nurseries: 15 hours extended entitlement place

A child will be able to access a 15 hour extended entitlement place when both of the following conditions are satisfied:

- the term after the child's third birthday
- the term following the date the parent received an eligibility code

Please note: if the eligibility code is received mid-term, the child cannot access a place until the beginning of the following term.

The school will have their own admissions policy and administration process to allocate these places. Please be aware that some schools may have a limited number of places. It is important that you receive confirmation from the school you have secured a place.

For further information on the 30 hours entitlement visit the Families Information Service website: <http://www.doncaster.gov.uk/services/schools/30-hour-free-entitlement>

Are children required to be toilet trained?

No.

Important!

If your child has an Education and Health Care Plan or a proposed plan, see the section 'Special Educational Needs', for information on the admission of your child to a nursery in Doncaster

Applying for a place in a school nursery

What do I need to do?

You may wish to arrange to visit the school.

Complete an application form available from the Admissions Team or online at www.doncaster.gov.uk/admissions.

Please ensure that those with parental responsibility are consulted regarding the school chosen. (See 'What are my responsibilities?' on page 16)

Can I make more than one choice of school?

Only one application for one school can be considered at a time.

When do I need to apply by?

**You must apply no later than
4 October 2021**

A delay in completing your form may mean that nursery places are filled and a place may not be available for your child even if you live in the catchment area. Late applications are considered after those received by the closing date but will have less chance of success.

Early nursery places may be offered at the beginning of each term, dependant on a child's date of birth, therefore some nursery schools may be full with early admissions.

A receipt will be issued when you submit your form and you should retain it as proof your form has been received.

Important!

When your child starts, the school will ask for written confirmation of your address.

Any place offered on the basis of a fraudulent or intentionally misleading statement on the application form, for example giving a false address, will be withdrawn.

How are nursery places decided?

Community schools – admission criteria

Pupils with an Educational and Health Care Plan naming the school are taken into account and places are allocated in the following order of priority:

- A. A Looked After Child or a child who was previously Looked After (see policy on web for full details).
- B. Children who are ordinarily resident in the catchment area of the preferred school.

For the purposes of applications received by the closing date, a catchment area school will be determined in relation to the address at which the pupil is ordinarily resident on the closing date. A child's place on a waiting list is reviewed once the parent has confirmed that the pupil is resident at a different address.

- C. Doncaster children, living within the same family unit (e.g. stepchildren) who are attending the requested school at the point of application (excluding nursery). Where the preferred school is an Infant school, attendance at a linked junior school will be included.
- D. Doncaster children who live in the catchment area of a school without a nursery.
- E. Doncaster children who live in the catchment area of a school with a nursery.
- F. Children not resident in Doncaster.

If, in any category, there are more children than places available, places will then be decided by date of birth, eldest first.

If there are any children with identical dates of birth the child living nearest to the preferred school will be offered the place. The distance is measured in a straight line from the point of the front entrance of the pupil's home, to the entrance nearest to the reception point of the school building. In the case of split-site schools, it shall be the entrance nearest to the reception point of the site the pupil attends for the purpose of registration.

Multiple addresses

Where a child is resident with parents at more than one address, the address used for admission purposes shall be the place at which the child spends the majority of the school week (Monday to Friday) during term time. Where there is a clear 50/50 split, parents should decide.

Academies

Admissions policies for these schools are set by the governing body. In the majority of cases these are the same as those set for community schools (above). Check individual schools for details.

Voluntary Aided (Church) Schools – admission criteria

Admissions to these schools are dealt with by their governing bodies.

Further information on their admissions policies can be obtained from the school concerned.

What happens if I get a place?

Your child will be offered a place to start at the school in the September following their third birthday. The school will confirm the start date, which may be either one term or two terms early.

What happens if I don't get a place?

Your child's name will be added to the waiting list of the school. The Admissions Team maintains the waiting list and will contact you if a place becomes available.

How do waiting lists work?

If your child is refused a place, their name will be added to that school's waiting list which is held in criteria order and by date of birth within criteria (eldest first). Places will be offered first to children of current nursery age and then to any children who may be eligible to be admitted early.

What happens if I change my mind or make a further unsuccessful application?

You should confirm in writing to Doncaster Council's Schools Admissions Team that you have changed your mind. If you make a new application which is unsuccessful, your child's name will be added to that schools waiting list.

What happens if I change my mind or make a further successful application?

You should confirm in writing to Doncaster Council's School Admissions Team that you have changed your mind. If you make a further successful application, any previous places offered will automatically be withdrawn.

What if I make an application after the closing date?

Your application will be treated as late and will be processed as soon as possible.

What happens if I move house after I have applied?

• Before the closing date?

You should contact Doncaster Council's School Admissions Team immediately as your application may be affected or you may have time to make an application for another school.

• After the closing date?

If you move house after the closing date, your child can still have the place offered, provided that you are able to transport them at no cost to the Council.

You will need to tell the school of your new address.

You may make an application for another school.

How do I apply for a place after the closing date or during the school year?

You should apply online at www.doncaster.gov.uk/admissions and click on the link for Nursery admissions. Make sure you submit your completed application and receive an email to confirm this.

If your child is already attending a nursery and you are successful, your start date may be affected by your previous contract. If you are moving into the area during the school year, your application will normally be processed two weeks before your moving date.

What do I do if I want to apply for a place outside of Doncaster?

You should apply to the schools local council or the governing body of a voluntary aided school.

What if I live outside Doncaster?

Although you can apply for a place in Doncaster and this will be considered along with all other applications, you should also contact your own council for advice.

Early admission

Once you have made your application, if you are successful you will be offered a start date by the school for admission in September. If the school has vacancies in their current nursery, your child may be able to start earlier, and places are offered in criteria order taking into account their date of birth as follows:

- Children born **on or before** 31 December may be able to access a place after that date.
- Children born **on or before** 31 March may be able to access a place after that date.

If your chosen school is unable to offer your child an early place you can contact the School Admissions Team for details of other schools with places.

The Doncaster Families Information Service can also provide you with details of other registered providers in your area. Contact 0800 138 4568.

What happens if my child has attended nursery early?

If you have secured a place for September they would normally remain at that nursery.

If you wish to change nurseries you should contact Doncaster Council's School Admissions Team, telephone **01302 737262** for further advice.

Pupils with an Education, Health and Care Plans (EHCP)

Many children will, at some stage in their educational career, experience barriers to or difficulty with their learning. About one fifth of all children may be expected to experience longer-term difficulties accessing some part of the academic or social curriculum on offer at our schools. The majority of these children, who may be deemed to have special educational needs, have their needs successfully met by their mainstream school from within its own resources supported, where appropriate, by central specialised services.

For a small minority of children their needs and long-term progress are such that the Council may intervene through a formal assessment of educational need under the Education Act 1996. Exceptionally the Council may also support a small number of children through an EHCP, where additional resources are targeted to enable the child to make progress.

All schools in Doncaster comply with the requirements of the Code of Practice on Special Educational Needs (issued by the Department for Education (DfE) in November 2001). All schools have a Special Educational Needs Policy that details how the school will support children with additional needs and a designated member of staff who oversees provision, the Special Educational Needs Co-ordinator (SENCO). If you are concerned that your child may experience difficulty accessing the education on offer in a local mainstream nursery class the Early Years Inclusion Service may provide support. The service may be contacted on 01302 862103.

The role of parents/carers in supporting their child's development and progress is paramount. To support the relationship between schools, parents/carers and the local authority, Doncaster Council maintains a Parent Partnership Service. The service operates independently and works to empower parents in their relationships with schools and the Council. The Parent Partnership Service may be contacted on 01302 736920. Further details on the Parent Partnership Service may be found within the separate section in this booklet.

Admission to nursery

If you are concerned about the admission to nursery for your child who has special educational needs but not an EHCP you should first discuss your concerns with the Early Years Inclusion Service, telephone 862103. You can ask to meet the SENCO of the school you are considering for your child. He or she will be able to supply you with a copy of the school's Special Educational Needs Policy and describe the types of support available within that school. The Parent Partnership Service can also help with information on local schools and supporting admission meetings for children with special educational needs or EHCP.

Children with an EHCP

An EHCP must name the school the child attends. The council will always seek to support a parent/carer's request for a mainstream school placement for their child with an EHCP, where the requested school can meet the child's needs and the request does not compromise the efficient use of council resources or the efficient education of other pupils with whom the child would be educated. The council will give consideration to a parent/carer's request for a special school placement.

The council has working protocols to ensure that the parents/carers of pupils with identified barriers to learning, including special educational needs and disability, have a comprehensive choice of schools for their child including the local mainstream school. The protocols ensure that children with

an EHCP are not disadvantaged in their choice of school at any age.

Staff from the Early Years Inclusion Service generally provide support for very young children with an ECHP. Early Years Inclusion Team will be able to provide advice and support to parents/carers on the provision available for children with special educational needs in local nurseries.

The Parent Partnership Service is also available to help parents/carers with their choice of school placement. The Service may be contacted through your child's school or direct on 01302 736920. Further details on the Parent Partnership Service may be found within the separate section in this booklet.

What happens after my child has attended nursery? (Starting school in a reception class)

All the Council's primary and infant schools admit children full-time to their reception classes at the start of the school year in which the children are five.

Children are required by law to start school if their fifth birthday:

- is between 1 April and 31 August
at the start of the Autumn term (normally in September)
- is between 1 September and 31 December
at the start of the Spring term (normally in January)
- is between 1 January and 31 March
at the start of the Summer term (normally in April)

However, children in Doncaster are admitted to reception classes in schools at the start of the school year (September) in which they will be five; that is, children with birth dates from 1 September 2018 to 31 August 2019 will be admitted to reception classes in schools during September 2023

You can apply for a place in a reception class online from September 2022. The first closing date is 15 January 2023. Further advice is available at www.doncaster.gov.uk/admissions or by calling Doncaster Council's School Admission Team on 01302 737262.

Important!

Attendance at a Nursery is not normally considered as part of the admission to reception criteria and there is no automatic right of admission into a reception class. All parents must apply for the school they wish their child to attend

General information

General enquiries

The council can be contacted at The Civic Building, Waterdale, Doncaster DN1 3BU. The general telephone number is (01302) 736000. The general email address is generalenquiries@doncaster.gov.uk The website address is www.doncaster.gov.uk

Written enquiries should be addressed to the Council, at the address above.

The staff of the Council are always willing to give help and advice about your child's education.

Admission enquiries

Doncaster Council's School Admissions Team can provide further advice and guidance regarding the admission process. They can be contacted at the address given above, by telephone **01302 737262** or by email at admissions@doncaster.gov.uk

Comments and complaints

As parents, you should always try and resolve any problems or concerns about your child's education with your child's teacher or headteacher. However, if you are unable to resolve them by this means, you should refer the matter to the chairperson of the school's governing body. Contact details are available from the school, which may also have their own complaints procedures.

The council is determined to provide the best service possible within available resources. The service will continue to improve more quickly if you, the customer, give us your views, and tell us what we are doing wrong and what we are doing right. We are keen to have your views or suggestions about:

- the kinds of services we provide;
- the way we provide these services;
- the levels of service;
- decisions not to provide a service.

If you have a formal complaint, a copy of the Council's complaints procedure is available from the Council.

If you are concerned that a school or the Council is not carrying out its duties for the national curriculum, you should read the document 'Local Arrangements for the Consideration of Complaints (Curriculum and Religious Worship)' available in each school or at the Civic Building, telephone 01302 736000.

Is transport provided for nursery age children?

The authority does not provide assistance with the transport of pupils to nursery classes.

Is milk provided for nursery age children?

Pupils in nursery are provided with one third of a pint of milk, which may, at the discretion of the school, be in a bottle or a carton.

What are my responsibilities?

Regular attendance

Regular attendance by pupils is required by all schools. You should ensure that your child(ren) attend punctually and regularly. Irregular attendance undermines the educational process and can disadvantage the child. You should ensure that your child arrives at school on time, properly dressed and in a condition to learn.

Absences from school

It is your responsibility to inform schools of the reasons for a child's absence as soon as possible, preferably on the first day of absence, and to provide such further information as may be required. The school will give you more information when your child starts with them.

Are there other people with parental responsibility?

The Children Act 1989 and the Adoption and Children Act 2002 replaced the many different laws on parental rights and duties with a single concept of 'Parental Responsibility'. It also introduced changes about who has parental responsibility, how it can be gained and lost, and the way it can be shared. A court order may also limit the exercise of parental responsibility.

Please ensure that the school is informed of anyone with parental responsibility relating to the child and about any court orders in operation.

The Act has major implications for schools and the Council. It will be necessary for schools periodically to ask you to provide them with information about who may have parental responsibility for your child and whether this is limited by a court order. They will also need to see documentary evidence if necessary. Please provide the information requested so that schools may comply with their legal responsibilities. Information provided will be dealt with in the strictest confidence.

If you believe the Children Act, and particularly the law relating to parental responsibility may affect you, you may need to seek legal advice.

Other Doncaster Council services

Educational Psychology Service

The Doncaster Council Educational Psychology Service exists to support the psychological and educational development of all children and young people in DMBC who encounter barriers to effective learning. Through the application of psychology and child development principles it provides a service to children, young people and their families, as well as to schools.

The balance of work carried out by educational psychologists is increasingly shifting more towards working with the key adults closely involved in children's lives – parents/carers and staff in schools, with perhaps less direct involvement with children and young people for routine, one-off assessment work. However there will always be times when individual work with children and young people is appropriate in delivering support for prevention and early intervention work.

Educational Psychologists work across the full age range 0 - 19 years although the majority of their time is focussed on the years of statutory education in years 5 - 16.

Education Welfare Service

The service undertakes statutory responsibilities in respect of child employment, attendance at school and a child's right to the provision of education on behalf of the Council. Schools will refer pupils to the service where non-attendance is a concern, parents or pupils can also self refer.

Education Welfare Officers provide advice, guidance and support to enable all young people to benefit fully from the educational provision available, and to promote their welfare and attendance at school. Many parents will experience periods of concern regarding their child. Often it is helpful to share your concerns. You are able to contact the Education Welfare Service during term time or school holidays by telephoning 01302 736504.

Parent Partnership Service

All local authorities are legally required to provide information and support to parents and carers regarding special educational needs. In Doncaster the service can:

- Help parents/carers to describe their child's needs
- Try to resolve difficulties between parents/carers, schools and the Council
- Offer parents/carers a source of independent advice and support
- Attend reviews and meetings with parents/carers
- Assist parents/carers in making their views known

With their prior agreement, parents/carers can be referred to the service by any agency. You can also make your own referral by telephoning 01302 736920.

School Governors

Every school has a governing body, which, together with the headteacher, fulfil a range of functions relating to the running of the school. For example, governors manage the budget, appoint staff including the headteacher, set and monitor the school's aims and policies and ensure that all pupils have access to a broad and balanced curriculum.

Governors are elected or appointed to represent parents, teaching and non-teaching staff, the Council, local community and, in the case of church schools, the local Diocese.

If you are interested in becoming a governor and would like general information about being a Governor or wish to know more about their role and responsibilities, please contact the Governors Support Service telephone 01302 737111 or visit the website at www.doncaster.gov.uk

Provider Information - September 2022

All childcare providers that are registered with the Council to provide free early education places for 3 and 4

For accurate up to date information on the childcare providers in an area contact the Families Information Service to speak to an Information Officer or go to their website to access a search facility on childcare

Doncaster Council Families Information Service: Telephone: 01302 862136 or 0800 138 4568

Appendix 3 Starting in a Nursery – September 2022

YOUR COMMENTS

We would be happy to know whether you found this booklet helpful and welcome any general comments you may have. Please complete the following questions, detach this page and return it to the address below via school or by post.

Please rate the guide in the response to the following questions

Please circle as appropriate

	Very Good			Poor	
• Was it easy to understand, without too much jargon?	1	2	3	4	5
• Did it contain the information you wanted? (see below)	1	2	3	4	5
• Was it well laid out, so that you could find the sections you wanted?	1	2	3	4	5
• Overall, how did you rate the booklet?	1	2	3	4	5

Are there any issues not covered in this booklet which you would like to see?
(NB. School items can be found in the School Prospectus)

Do you have any other suggestions for improving the layout of the booklet?

Do you have any suggestions for improving the admission process or for policy changes?

Thank you for your help.

Please return to: Doncaster Council, Civic Office, Waterdale, Doncaster DN1 3BU

School Nursery Admissions.

September 2022

**You can apply online at:
www.doncaster.gov.uk/admissions**

**The process is now faster, simpler and easier,
Once you have submitted your completed
application you will receive an email to
confirm this.**
