**Validation Criteria – Hedgerow Removal**

Clearly identify which hedgerow you propose to remove by marking it on a large scale plan (preferably 1:2500 scale)	
Say why you want to remove it	
Provide evidence that the hedge is less than 30 years old, such as a receipt of the plants, a photograph taken within the last 29 years or relevant documentation	
State whether you're the owner, tenant or manager of hedgerow, or the relevant utility company eligible to remove it
